Got His Money's Worth!

Editor R&M:-

I congratulate you on your 25th year effort to put out ROCKS AND MINERALS.

I became a subscriber for ROCKS AND MINERALS with its first number and have a complete file. As I was 60 when your magazine started, you do not have to do much figuring to know I am now 85, but I have enclosed with this letter another $3.00 for ROCKS AND MINERALS for 1952. I have surely got the worth of my money for the quarter-century.
